Market Comment

Numbers eased this week to a total yarding of 561 head, with Nutrien accounting for 366 head.

The majority of the yarding was made up of weaners, with a good run of yearling heifers and steers. Heavy prime cows and trade steers suitable for processors were in good numbers.

Weaner steers remained equal on last week. Yearling steers increased 10-15c/kg selling to strong demand by the feeders. Heavier trade steers were 5-10c/kg dearer. Weaner heifers gained 15-20c/kg, selling to strong competition by the graziers and backgrounders. Yearling heifers suitable for the feeders gained 20c/kg. A good yarding of heavy prime cows gained 5-10c/kg selling to increased processor demand. Heavy bulls remained equal on last week.
